

Master Wine List

THE WINE LIST

Wine & Wellness

Taking care of our physical and mental health is a key at TIA Wellness Resort. Being social and enjoying a nourishing meal with loved ones plays a big part for a happy and healthy lifestyle. Sharing a good wine and pairing with our meal should not be excluded. There are more benefits to wine than only the social aspect, people have been drinking wine for thousands of years, and the benefits of doing so (in moderation) have been well documented.

Organic & Biodynamic Wine List

At TIA Wellness Resort, we have created the first and only fully organic and biodynamic wine list in Vietnam. Our aim is to ensure that our guests can enjoy a good wine while being conscious about the production methods and impact on our health and the environment. All wines have been carefully selected to ensure they are either fully organic or biodynamic.

ORGANIC

Organic wine is made from grapes that were farmed and vinified organically. This means that the farming practices used to produce the grapes do not rely on artificial chemical fertilizers, pesticides, fungicides, or herbicides.

BIODYNAMIC

Biodynamic and organic farming both take place without chemicals, but biodynamic farming takes it a step further, incorporating ideas about a vineyard as an ecosystem, and accounting for things such as astrological influences and lunar cycles.

Please note that some smaller producers (or even big ones) farm organically or biodynamically but without certification. Both Organic and Biodynamic wines still contain sulfates for preservation.

By The Glass
